TARTUFE.

AN impudent *Frenchman* this! who, in the *Winter's Evening Converſation* lately publiſh'd, dares ſpeak thus preſumptuouſly of his Superiors and the Government, where he has not only met with a kind Protection, but enabled to acquire great Riches! Nay, it is a ſhrewd Reflection on our Conſtitution; which, if true, muſt inevitably endanger our Liberties.

If the Foundations of a Building is undermined by *Rats and ſuch deſtructive Vermin*, the Fabric will fall of Courſe, and cruſh the Inhabitants to Death; for proping up and buttreſſing will little avail where the Foundation is bad. They may ſerve as temporary Expedients, and no more. Whoever would be ſafe muſt rebuild their Habitations; and, if they would preſerve the old Model, they muſt take Care to choſe a ſolid Foundation, impervious to the *Rats and Vtrmin* which abound in this Age.

When a great Man finds not only his *Steward*, but all his Domeſtics, corrupt, it is not ſufficient for his future Safety, that the firſt be caſhier'd, but he muſt make a thorough Change of Hands, when the Corruption is become general; for the Domeſtics, uſed to Largeſſes and Perquiſites, will not do the Buſineſs of the Family without thoſe *virtuous* Encouragements: A new Set of Servants becomes therefore abſolutely neceſſary.

The Conſtitution, that has been tainted by Corruption, requires a timely ſcrutinous Inſpection to be made into it; and not only every rotten Part of it remov'd and ſolidly ſupply'd, but every other Part, that is any ways capable of admiting Corruption, ought to be carefully guarded againſt.

Poſts hewn out of new-fallen Trees, put into the Earth by way of Fence in the Field, will anſwer the Huſbandman's Purpoſe very well for *Three* Years: But if they are ſuffered to remain in the Ground longer, they *corrupt* apace. The Salts and Juices of the Earth penetrate into them, and find an eaſy Admiſſion into what is vulgarly called the *Heart* of a *Poſt*. It has been found, by Experience, that they rot away gradually, and, in the Courſe of *Seven* Years, become perfect TOUCH-WOOD, and catch the firſt Fire that offers. A good Huſbandman, who underſtands the Conſtitution of his Farm, will therefore never ſuffer his *Range of Poſts* to ſtand longer than *Three* Years; nay, is generally ſo providently careful, that he will not ſuffer an old one, which appears in the leaſt damaged, to be *replac'd*; as Farmers entertain a Notion that one *rotten* Poſt will *corrupt* a whole *Range*; as, among Animals, one infected Sheep infects a whole Flock.

But laying aſide *Fabrics*, *Stewards*, *Domeſtics*, *Farmers*, and *Poſts*, for the preſent; we'll recur to *Tartufe*, and the Subject-Matter of our Motto. I have touched, in one of my former Papers, upon the M****al Proſtitution that was made of the *late Subſcription* to inſufficient Hands, in no wiſe capable of anſwering the Purpoſe of it, and conſequently the Neceſſities of the Government. Sorry I was to find, that a truly worthy Perſon, who always appeared among the Foremoſt for vigorouſly puſhing on the War, was introducing a Scheme for a public Supply that portended inevitable Ruin to the Meaſures he meant to ſupport, and conſequently coincided with the private Views of *ſome People*, for a plauſible Pretence of ſtealing into a Peace upon any Terms, againſt the general Voice of the Nation. But I, as well as all others who were not in the *occaſional* Secret, was ignorant the Execution of this Scheme was taken out of his Hands, and marr'd by the iniquitous Tools and Agents of *the Brothers*; who, liſtening to the Syren Voice of Avarice, were eaſily induced to proſtitute the Scheme, to ſerve a *private*, as well as the *public*, Purpoſe. The Wages of Iniquity were *primarily* to be conſidered and provided for, and ſo the whole Train of M*****l Beggars were let looſe upon the *Subſcription*; which was no ſooner opened than cloſed up to the Surprize of every honeſt Man: Whereas the original Scheme guarded againſt this Irruption of *Coalition-Goths* and *Vandals*, by excluding all ſuch *occaſional* Subſcribers by an expreſs Proviſion that none were to be admitted Subſcribers, but thoſe who were able to make their Payments; as it was well foreſeen, that a Failure in that reſpect would inevitably ruin the Operation of the Scheme, and balk the public Service, as it afterwards happened.

The Scheme likewiſe provided againſt the pernicious Arts and Tricks of *Jews*, *Brokers*, *Jobbers* and *Remitters*; thoſe wicked Underminers of *public Credit!* who, by ſcandalous Combinations, influence our public Funds, and throw our Wealth into the Hands of Foreigners. By his Scheme, they were rendered all *Inſignificants* and inactive; as they could not play any *Alley* Tricks to get at *Subſcriptions* at a Diſcount; for as none was to be admitted to ſubſcribe but ſuch as could comply with their Payments, ſo the Subſcriptions were not to be made negociable 'till all the Payments were completed; conſequently, the Subſcribers and the Government alone were to benefit by the Subſcription, and not theſe *Alley* Leaches, who firſt run down the Credit of the Fund, and then take Advantage of the Neceſſities of inſufficient Subſcribers to purchaſe at a great Diſcount.

The Scheme was equitably calculated beſween the Government and the Subſcribers: The Expectations of Theſe were to be *moderately*, and yet ſufficiently, gratify'd; while the Neceſſities of That were to be abundantly ſupplied. A *Præmium of Ten per Cent.* and an Intereſt of ſomething leſs than *Four and an Half per Cent.* were no extravagant Terms for one Side to give, nor yet too low for money'd Men to neglect. But to thoſe, who ſubſcribe upon Credit, and muſt paſs thro' the griping Hands of *Brokers* and *Jobbers* to make good their Payments, the Terms were in no wiſe proportionable; for ſuch Subſcribers, inſtead of gaining, muſt of Courſe loſe by the Bargain; as being expos'd to the Talons of thoſe Birds of Prey, who, by enabling them to make their firſt Payment, prompt them into the Snare, whence, they well know, they can never extricate themſelves, but by parting with their Right to them at a conſiderable Diſcount. Thus the unmoney'd national Adventurer periſhes in the Wiles of foreign Agents, who trick both Sides, as well their Principals abroad, as the deluded Subſcriber at home.

To prevent this, and the ill Conſequence that muſt inevitably have attended the Service of the Government from inſufficient Subſcribers, the Scheme was calculated for the Wealthy alone, who could afford to part with their Money at a reaſonable Rate; and ſo by fixing the Times for the future Payments at a convenient *Diſtance* from each other, and advertiſing the Terms of the *Subſcription* for the Space of *Two Months*, and afterwards keeping the Books open for a *Fortnight longer*, Foreigners and others might be prepared, not only to engage, but be tempted by an Intereſt of *Five per Cent.* to anticipate their Payments. Notwithſtanding the Uprightneſs and Wiſdom of this Calculation for the public Good, a few intriguing *Knaves* in the *Alley* combined to work on the Paſſions of *ſome People*, and ſo found Means to invert the whole. Inſtead of *Two Months Notice* of the Terms, the Books were opened, not only before they could be known abroad, but before the Terms had thoroughly paſt the Hands of Authority, and were ſhut up again in the Hurry of a few Hours, acceſſible to few but the neceſſitous Servants of Iniquity, marſhall'd and headed by the diabolical Engines of *'Change-Alley*, with the Brand of *univerſal Proſcription* in their Looks! whoſe Cunning however led them to ſhadow their wicked Purpoſes under the Name and Character of the original *Schemiſt*; who, too late, found himſelf deceived, and his honeſt Endeavours to ſupport the War, the Liberties of *Europe*, and the Glory of his own Country, wickedly inverted, to ſerve the Purpoſe of the Enemy, by neceſſitating thoſe very Perſons to accept of the ſame Terms of P——, which they ſo loudly boaſted they had once rejected with Diſdain.

'Tis to the ineffectual Execution, or rather Perverſion, of this good Scheme, that *ſome People* owe the contemptible Figure they now make in the Eyes of all *Europe*, from the ig****s P* of *A**. Is it not to *ſome People*, and their Confidents, (theſe devouring *Vermiculæ*, hatched in our public Funds, and nurtur'd by their Richneſs, like Maggots in a Cheeſe) that we muſt impute the Sacrifice that was lately made of about Thirty-five Millions Sterling of our public Money; and, O! my Friends, of that ſingle Acqueſt of our Arms during the whole War, the invaluable *C—— B——*, without the leaſt Advantage ſtipulated for our Country, by way of Compenſation, or even as much as a Shew of ſaving for her Glory, throughout the whole *inauſpicious Scroll*, which binds us faſt in the Bands of Sorrow and Lamentation? Unhappy muſt that State of G*-v**t be, that ſuch little Engines of Avarice and Corruption can influence; and weak, very weak, that A******n that can be impoſed on by them, or to which they can make themſelves ſo eſſentially neceſſary, as to direct the public Meaſures!—But I forgot the Importance they have been to *ſome People*, in aſſiſting them to diſtreſs their S***n, in their critical Day of *Reſignation*.—No Wonder then that the Ear of Power is always open to this uſeful Fry; for we all know who can be grateful, when a further Liſt is expected from the ſame Quarter.

On Saturday laſt the Hon. William Montague, Eſq; Brother to the Right Hon. the Earl of Sandwich, was married to Miſs Charlotte Naylour, Daughter of Francis Naylour, of Offord Darcy, in the County of Huntingdon, Eſq; a young Lady of a large Fortune, and whoſe perſonal Charms can be equaled only by the Accompliſhments of her Mind.

Monday laſt Sir Enmund Leigh was married to Miſs Leigh, of High Liegh in Cheſhire; a beautiful young Lady with a Fortune of 20,000 l.

Wedneſday died, at his Houſe in Holles Street, Cavendiſh Square, the Hon. and Rev. Thomas Harvey Aſton, D. D. Son to the Right Hon. the Earl of Briſtol, and Rector of Ickworth in the County of Suffolk. This Gentleman changed his Name by an Act of Parliament ſome few Years ago, to Aſton in order to enjoy the Eſtate of the late Sir Thomas Aſton, Bart.

Thurſday at Noon died, much lamented, the Wife of Thomas Thomas, Eſq; at his Houſe in St. Martin's Lane, Cannon Street. She was poſſeſſed of all the good Qualifications that adorn the Sex, and lived a Life fit for her great Change, ſhe had twenty Children; and if ever a Couple was bleſſed for Fifty Years, they were.

Tueſday died in Gravel-Lane, Southwark, Mrs. Hunter, occaſioned by a Bone ſticking in her Throat in eating her Dinner on Monday laſt: The Agonies ſhe underwent are inexpreſſible, tho' all the Aſſiſtance poſſible was procured for her.

Monday Morning died ſuddenly Mr. Priteler, a very worthy and eminent Hamburgh Merchant, in Partnerſhip with Meſſ. Voguall and Amyand.

Wedneſday a young Gentleman hanged himſelf at his Lodgings in Swallow Street: He left a Letter on the Table, expreſſing the Motives that led him to ſo raſh an Action; which was, That he had loſt his Fortune at Gaming.

Wedneſday one Mary Nowel, an Oyſter Woman at Lambeth was run over by a Dray, and kill'd on the Spot, occaſioned by the Villainy of the Driver: He was called to ſeveral Times, but being ſat on the Shafts, could not ſtop the Horſes.

On Friday ſe'nnight, the Regiments of Marines quarter'd at Southampton, were diſbanded by Sir Philip Honeywood, who expreſſed his entire Satisfaction at their beautiful Appearance; particularly Lieutenant General Churchill's, which was allowed by all the Spectators to have deſerved a better Fate, for their good Behaviour at Sea and Land.

Monday the Nightingale Man of War, of Twenty Guns, was put into Commiſſion by the Lords of the Admiralty, who gave the Command of her to Capt. Farmer.

Thurſday an Account came from Briſtol, that the Glaſgow Man of War was arrived there from Sea, who has brought an Expreſs from Admiral Knowles, the Contents of which are not certainly known; but 'tis rumoured, that ſome Spaniſh Men of War were ſeen to bear down upon the Jamaica Fleet Homeward-bound.

A private Letter adviſes from Fort St. David's of the 6th of February laſt by the Warwick, Capt. Ward arrived at Liſbon, that the Colcheſter, bound for Bengal, was to ſail from thence next Day for Bengal, where there were at Anchor the following Men of War; the Princeſs Mary, Commodore Griffin, the York and the Medway, of ſixty Guns each; the Harwich of fifty Guns; the Preſton, the Eltham, and the Medway's Prize, of forty Guns each; and the Lively, of twenty Guns; with the following India Ships, the Oxford, Winchealſea, Colcheſtet, Exeter, Benjamin, and Bombay-Caſtle.

The eight following Ships are all ſafely arrived at Leghorn, viz. the Hawk, Eraſmus, the Expedition, Mealy, and the Hope, Cilborough, all from London; the Thetis, Levermore, from Falmouth; the Royal Duke, Archbold, from Newfoundland; the Union, Hyſen, from Peterſburgh; the Ana, Camon, from Cork; and the Friendſhip, Paul, from Exeter.

Four hundred Weight of Tea was ſeized on Wedneſday at Kenſington by ſome Exciſe Officers, and carried in a Cart to the Exciſe Office.

On Monday laſt one James Kemp, an outlawed Smuggler, was brought to Lewes in Suſſex, under the Guard of a Serjeant, and twelve of Lord Cobhams Dragoon Guards, from Eaſtbourn in that County, where he was taken by a Cuſtomhouſe Officer and a Soldier of the ſaid Regiment. This Kemp is ſaid to be one of the Fellows concerned in the moſt horrid and barbarous Murder of the two Cuſtomhouſe Officers from Pool, one of whom was flung into a Well, and the other had his Head cut off, after having been exceſſively tortured. And on Tueſday Morning another outlawed Smuggler, called James Tough, who was impeached by Kemp as he was carrying to Horſham Goal, was taken at Lewes, and Kemp ſays, that he is the Man who actually committed the above Murders.

Thurſday was committed to Newgate, by J. Pouſon, Eſq; William Jackſon and William Carter, Two Outlawed Smugglers, for riding with Fire Arms, and landing uncuſtomed Goods.

Tueſday laſt ſeveral looſe, idle and diſorderly Perſons, were committed to Bridewell, by the ſame Gentleman, for infeſting the Streets at unſeaſonably Hours.

They write from Ipſwich that William York, the Boy who received Sentence of Death for Murder at the laſt Aſſizes, and was then ordered to be executed upon the 11th Inſtant, was reprieved 'till the 18th.

Laſt Sunday Evening, as two Gentleman were coming along the Back-Road from Pancras-Turnpike to Black Mary's Hole, they were attacked near Bagnige Houſe, (an old ruinated Building) by two Fellows, who robbed them of their Watches, Canes, Money and Handkerchiefs; who afterwards made off towards the Pindar of Wakefield.

As there has been various Reports about the late Fire at Graveſend, the following Extract of a Letter from a Gentleman who was on the Spot, may be depended on:

"We had laſt Night a dreadful Fire for the Time it held; it began at half paſt Seven in the Horn Stable, joining to Mr. Ireland's Warehouſe, both long and lofty Buildings. The Warehouſe contained a great Quantity of Pitch, Tar, Roſin, Sea-Coals, all Sort of Ironmongers Goods, and, I may ſay happily, about five half Barrels of Gun Powder, which blew up both the ſaid Buildings, and thereby prevented once more our Town from becoming a Heap of Ruins. Many People were hurt by the Exploſion, but not killed. The Damage is computed at about a thouſand Pound."

Tueſday Noon a Perſon took upon him to walk twelve Miles in the Space of two Hours, in St. James's Park, for a Wager of thirty Shillings. He was admitted to perform it, if he could, in the Mall; Allowance being had for what Proportion the Mall bears to twelve Miles but tho' he walked very well, he loſt the Wager, not having gone thro' the Courſe within twenty Minutes, or more, of the Time allotted him.

An odd Affair has happened lately in Holland between Admiral Schryver and M. Van Tyll. It ſeems when the former lay in the Port of Liſbon with his Squadron, a Seaman was condemned to ſuffer Death by a Court Martial, in whoſe Favour ſeveral Perſons of Diſtinction intereſted themſelves, and being refuſed, the Queen of Portugal at laſt interpoſed, and in a very particular manner deſired his Life might be ſpar'd; to which the Admiral was ſo far from conſenting, that he cauſed him to be hanged in the moſt publick Manner on board a Man of War lying within the Bar, and in Sight of the King of Portugal's Palace. The Portugal Ambaſſador at the Hague, upon this, had Orders to complain of the Admiral, who was compeled to ſubmit and aſk the Queen's Pardon. The Admiral then returned home, and M. Van Tyll, who was the Republick's Conſul at Liſbon, being ſoon after recalled, the Admiral took that Opportunity to bring him to Account for his Conduct in that Affair, alledging, that, by his Intrigues, the Complaint was lodged againſt him. But the Letters don't mention the Event.

We are informed by a Private Letter from the Hague, that Marſhal Count Lowendahl having been accus'd of plundering the conquered Countries, and purloined the Pay of many of the Troops, is in Diſgrace at the Court of France; that a Stop was put to the Payment of his Appointments before his Departure from Namur, and that he is ordered to retire to his Country.

They ſtill continue to write in a very dark ſtile from Peterſburgh, ſo that it is very difficult to gueſs at their Meaning; but if we do not abſolutely miſtake it, the Journey of the Empreſs of all the Ruſſia's to Kiou, is of a political Nature, and may very poſſibly affect the Poliſh Diet. It is not impoſſible, that upon the breaking up of this Aſſembly without coming to any concluſion, Duke Erneſtus Biron may return again into Courland, and perhaps recover his Sovereignty.

Extract of a Letter from Hamburgh, Nov. 17.

"While the Ruſſians and Swedes ſeem upon the Guard with reſpect to each other, and are putting themſelves in ſuch condition as to be ready, in the Spring, for whatever may happen, his Daniſh Majeſty, though his Thoughts are chiefly turn'd to promote the Commerce of his Subjects, and with it their Peace and Felicity, appears determined to be not unprovided againſt probable Events, which may render it impoſſible for him to remain tranquil without ſuch Forces, both by Sea and Land, as may command reſpect."

By Letters from Liſbon there is Advice, that on the 20th of October, N. S. the Tribunal of the Inquiſition held what they call an *Act of Faith*, by Virtue of which, (*Charity* being quite out of the Queſtion here) four Perſons were publickly burnt, Three Men and one Woman. The Men were Jews, that had been brought to the Light of the Goſpel, but unfortunately were too well verſed in the Precepts of the Old Teſtament to make good Chriſtians in Portugal: They were accuſed of retaining ſome of the Jewiſh Leaven, and the Holy Office thought they could not do them a greater Favour than to purge them with Fire. The Woman was a Nun, in whom they thought they did find Proofs of the Power of the Magick Art: At leaſt, ſhe herſelf was ſo well perſuaded of it, that ſhe owned the Charge; and the Verbal proceſs of her Confeſſion, which is very prolix, makes mention of a great familiarity, real or imaginary, between her and the Devil.

They write from Juliers, that all the Country and the adjacent Dutchy of Bergue, is ſo over-run with Thieves, that not only travelling is dangerous, but except in great Towns People are not ſafe even in their Houſes, notwithſtanding that by a private Search a great Number of theſe Villains had been ſeized and ſent Priſoners to Juliers and Duſſeldorp. They add, that about the latter End of October a Gang of between thirty and forty of theſe Land Corſairs, inveſted, broke open and pillaged, the Houſe of the Collector of the Cuſtoms at Reindreff, carrying off every Thing that was moveable and of any Value, even to Pewter and Braſs, beſides ſix thouſand Crowns in ready Money.

The Three laſt by W. WEBSTER, D.D.

Speedily will be publiſhed,

A New Edition of THOUGHTS *upon the Four Laſt Things,* DEATH, JUDGMENT, HEAVEN, and HELL. A Poem, by the late Rev. *Dr.* TRAPP.

Dr. NELSON's Moſt Wonderful PANACEA,

For CONFIRM'D VENEREAL LUES, *and all the Relicks or Remains of it in the Blood,*

Which it infallibly eradicates, tho' of ever ſo long ſtanding, it having been long experienced to be the only ſafe and ſure Remedy for that hateful Diſtemper, that was ever known or diſcovered.

IT curing ſo eaſily, and inſenſibly, as to any Diſorder it gives, Confinement it requires, or Suſpicion it occaſions, that it is admired and recommended by all that have taken it, for it neither purges, vomits, nor ſalivates, but cures by it's alterative, de-obſtruent, antivenereal Qualities; inſomuch that Children, and the weakeſt and moſt tender or crazy-conſtitutioned People, may take it at all Times of the Year, and go about with it as if they had taken nothing, as may likewiſe thoſe who have been brought near the Grave, by repeating unſucceſsful Salivations, or other violent, or too frequent Purgations, or Vomits; for it reſtores as well as clears the Blood, of all the lurking poiſonous Taint and Mercury, tho' never ſo ſecretly lodg'd in the Body; wherefore let none of thoſe unfortunate People deſpair, but try it, and they will be comfortably convinced of the Truth of what is here ſaid of it.

Perſons who are pox'd to the laſt Degree, their whole Maſs of Blood being contaminated, and have been told nothing but a Salivation would cure them, tho' they labour under tormenting Pains in the Head, Limbs, or Joints; or have Breakings out of Scabs, Blotches, Boils or Spots; or have Swellings, Nodes, Sores, or Ulcers, either in their Throat, Noſe, or elſewhere, with Weakneſs in their Limbs, Faintneſs and Weakneſs of the whole Body, &c. may entirely rely upon it, only that, according to the Degree of the Infection, they muſt take and continue it for a longer or ſhorter Time.

Such as have only ſome Relicks of the Diſeaſe, or but ſuſpect that their Blood has got a Smatch of the Taint, by ſome unuſual Uneaſineſſes about them, which they now and then feel, either from ill-managed Claps, or other doubtful Cures ſhould never venture to marry if they are ſingle, or meddle with their Wives if married, till they are ſure they are ſafe, as they moſt certainly will be, upon their only taking a Pot or two of it.

It is alſo exceeding pleaſant to take, as well as delightful in it's effects, and thoroughly cleanſes, nouriſhes and reſtores, the foulеſt, moſt weakened, and worn-out Conſtitution.

Price 5 s. the Tin-pot, prepared only by the Doctor aboveſaid and left by him (Mr. Iſted, Bookſeller, at the Golden Ball in Fleetſtreet, being dead) with Mr. Corbet, Bookſeller, at Addiſon's Head oppoſite St. Dunſtan's Church, Fleetſtreet; and at Mr. Cook's, under the Royal Exchange; where it may be had by any Meſſenger, ready ſealed up with Directions how to take it, by only asking for a 5 s. Pot of the PANACEA.

ANTI-SIPHYLICON.

THE only ſhort and moſt infallible CURE in the Univerſe for the *Venereal Diſeaſe* from the ſlighteſt Infection to the moſt extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant *Virus*, and the very Bones are affected with it.

Freſh Infections, call'd Claps, with all their attendant Symptoms, tho' ever ſo ſevere, are entirely carried off by it in a few Days, and to as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks, on one Hand, or a ſeminal Gleet, or Weakneſs, to happen on the other.

And the moſt inveterate Degree of the *French Illneſs*, attended with nocturnal Pains, univerſal Breakings-out, and all other the moſt exaſperated Symptoms, are ſoon overcome by it, and effectually and much more ſafely cured than by Salivation, Inungation, or any other Method whatever, and in ſo eaſy and pleaſant a Manner, without impairing Strength, or occaſioning any Inconvenience, as loudly to bepeak it the only appoſite Remedy, or true *Venereal Antidote* in the World, and this ſome Thouſands have, to their great Joy, experienced.

It is pleaſant to take, occaſions no Sickneſs or Diſorder, nor requires Confinement, but may be taken, and the Cure be accompliſhed, without the Knowledge of the neareſt Friend.

Thoſe who ſuſpect they have received an Injury may, by only a Doſe or two of it, be perfectly freed from all Apprehenſions; for it ſuffers no lurking Venom to lie hid in the Body, but wholly extirpates it, Root and Branch, in a gentle, eaſy, and effectual Manner.

All ſuch, likewiſe, as doubt they have ſome remaining Relicks of former Injuries, may, by a few Doſes of it, entirely free themſelves from all Suſpicions of that Kind; for it admits of no Fouleſs, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and, on that Account, in all Scorbutick, Scrophulous, and even Leprous Eruptions, or Fouleſſes of the Skin, or glandulous Swellings, and Impurities of the Juices, it does more by one Doſe than any other Medicine, yet known, can by ten.

The Price of this moſt noble *Anti-Siphylicon* is but ſix Shillings a Pot, which, conſidering its extraordinary Efficacy, one Pot only being ſufficient, in moſt Caſes, to accompliſh the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. Radford's Toy-ſhop, at the Roſe and Crown, againſt St. Clement's Church-yard, in the Strand, ready ſealed up, with a Book of Inſtructions, by the Peruſal of which all Perſons who were ever affected with any Degree of the *Venereal Diſeaſe* may perfectly underſtand their own Condition, and certainly know when, and when not, the *Venereal Poiſon* is entirely rooted out of their Bodies. Note, *Ask only for a Six Shilling Pot for the Scurvy. No Letters anſwer'd, unleſs Poſt-paid.*

To all Gentlemen, Builders, and Others.

GLEETS and SEMINAL WEAKNESSES,

SO deſtructive to the Conſtitution, and ruinous not only to the unhappy Individual labouring under them, by draining away the Radical Moiſture or very Eſſence of Life, and inducing Conſumptions, Nervous Diſorders, &c. but to Poſterity alſo, inaſmuch as thoſe affected with ſuch Gleetings, if not wholly diſabled, as very many are, from propagating their Species, are yet render'd incapable of begetting any other than puny, unſenſible, and ſhort liv'd Iſſue.

Theſe waſting Gleetings, occaſion'd by Self-pollution, exceſſive Venery, ſevere Purging for Venereal Injuries, or by violent Strains, &c. and which have been deem'd by almoſt all Phyſicians and Surgeons to be ſo very difficult to overcome, are now ſo certainly known to be directly, and in a manner at once perfectly cur'd by the Grand Reſtorative Balſamick Electuary, that no one, how bad ſoever, need deſpair of being entirely ſet to Rights by it in a few Days.

It is from this its moſt extraordinary Efficacy, that ſo many Practitioners in Town and Country now ſend for it for their Patients, as finding it to be the only ſure and infallible Remedy that can be ſafely rely'd upon in theſe Caſes. This Grand Medicine is to be had only by the Author's Appointment, at Mr. Radford's Toy-ſhop, at the Roſe and Crown, againſt St. Clement's Church Yard in the Strand, London, at 6 s. a Pot, ſeal'd up, with a Book of Inſtructions, highly neceſſary to be read by all Perſons whoever were afflicted with any Diſorder of the Seminal Veſſels or neighbouring Ports.

Note, Ask only for a 6 s. Pot of Balſamick Electuary.

No Letters anſwer'd unleſs Poſt-paid.

The moſt wonderful cleanſing and ſtrengthning Drops for all Sorts of Gleets, and Seminal Weakneſſes and Imbecilities of the Generative Parts and Faculties, preventing Miſcarriages in Women; and to cleanſe and ſtrengthen the Reins, Kidnies and Bladder, cure weak Backs, Stranguries, Gravel, and Stoppage of the Urine, and for which it has gained ſuch Repute, that near 20000 Bottles have been ſold ſince April 1734, that they were firſt publiſh'd.

THESE incomparable Drops, which for the aboveſaid Diſorders are not to be equal'd in the whole Art of Medicines were reſpectfully b'd by the late Dr. Ratcliffe, for a certain noble Lord, who for a long Time had been vex'd with an obſtinate Gleet and Weakneſs, of which he was cured by them in a few Days, beyond all Expectation, after he had been harraſs'd with Electuaries, Bolufſes, Pills, Potions, Injections, and a hundred other Medicines, for many Months together in vain.

The Apothecary who prepared them for him according to the Doctor's Preſcription (which he has ſtill upon his File) has made Uſe of them ever ſince to Numbers of People in the very worſt of Gleets, ſeminal and genital Imbecilities and Infertilities, Pains in the Back and Reins, Diſorders of the Urine and Gravel, &c with the utmoſt Succeſs and Safety; as alſo in all Weakneſſes from Strains, as well as Venereal Relicts, exceſſive Coition, Self Pollution, ſeminal Emiſſions in Sleep, Falls, Blows, Wrenches, and the like, in both Sexes.

And as they have never once failed him, even in Caſes thought to be incurable, he now, for general Good, has made them publick: And that the meaner Sort of People might partake of the Benefit of ſo divine a Remedy as well as the Rich, he has put them up in Bottles of but 3 s 6 d each, tho' for the Excellency of their Effects they are worth their Weight in Gold, more eſpecially as one Bottle of them generally Cures, even in the moſt draining Gleets, and grievous Relaxations and Weakneſſes of the Seminals and Genitals, as alſo of the Back and Reins, that are.

Nor can there be prepared, by any Art or Skill, a more cleanſing and healing, or a more Preng'thening and invigorating Medicine, or one that can more effectually cure Impotency, or promote Fertility, than this, as every one that but once tries it will ſay, by their ſoon finding the Difference between this and other Remedies; for it will do more in one Day towards reſtoring to theſe Weakneſſes than any others can in ten, and is of ſo corroborating a Nature that it may be entirely rely'd upon for curing perfectly and firmly, without Fear of Relapſe, even in the tenderеſt Conſtitutions, which can hardly be ſaid of any other Medicine; and it is withal ſo elegantly pleaſant to the Palate, and ſo agreeable to the Stomach that the niceſt Perſon is delighted with it.

Mr. Weſt, Goldſmith, who us'd to ſell theſe Drops being dead, they are now Sold only by his Son-in-Law, Mr. Johnſon, a Baker, at the Seven Stars, in Vere-ſtreet, near Clare-Market, ſealed up, with Directions, for any Meſſenger upon asking only for a Bottle of Drops and paying 3 s 6 d.

This Day is publish'd,

The Seventh Edition (*wherein is inserted a* Method *of instantly curing the most torturing* Fits *of the* Cramp *without* Trouble, *or the taking or using any* Medicine, *or being at any* Expence *whatever*) *with some very material Additions, of*

A Treatise of the Diseases of the HEAD, BRAIN, and NERVES, more especially of the Palsy, Appoplexy, Lethargy, Epilepsy, Convulsions, Cramp, Frenzy, Vertigo, Megrim, inveterate Head-ach, &c. with Directions for their thorough Cure, and how these and many other deplorable Nervous Distempers may be assuredly prevented, as well as certainly cured and consequently many Lives saved by the Medicines therein, in English, prescribed, without the least Reserve. To which is subjoined,

A Discourse of MELANCHOLY in Men, and VAPOURS in Women; explaining the whole Train of Symptoms, various Degrees, and real Cause of those wretched Maladies; and discovering a short and most certain Method of Cure, by safe and easy Remedies therein also candidly prescribed, and by which Persons of either Sex, who are unhappily afflicted with Melancholy or Vapours, may absolutely cure themselves of those pernicious Distempers in a short Time, with out any Fatigue or Disorder. By a Physician.

To Persons of either Sex,
Afflicted with any Species of the PALSY, *or other* Nervous Decays.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to those pertinacious Distempers: This occasioned a Physician, who employed his Thoughts much concerning them, to adapt a Medicine, a Sovereign Elixir peculiar to, and effectual for, the Palsy, and all other Nervous Complaints now reigning, which, after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success even found infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreeable to the Palate, and comforting to the Stomach and Bowels) as is almost incredible to relate.

But the taking one Bottle of it only demonstrates its prodigious Efficacy to every one, and the Patients soon finds all Numbness, Deadness, and Shaking, or Resolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more, and this, though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard drinking, or any other Cause, for it performs all that can be wished for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle, attenuates the Blood and Juices, causes a free and regular Circulation of 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts, strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments, and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength, and the Palsy and all Paralytick Disorders and Nervous Decays suddenly cured by it, to the Admiration of the Patients themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be sold only at Mrs. Holt's, at the Cross Keys and Star below the Royal Exchange in Cornhill, London, at 3s. 6d. a Bottle, with printed Directions at large.

The only short and infallible Cure for that reigning Disease the SCURVY, *and all Scorbutick Humours, tho' arrived in the highest or most inveterate Degree, or of ever so many Years standing, and that without any sensible Evacuation, or the least Purging, which, by an unaccountable Mistake, is Generally advised, altho' always found rather to encrease and confirm the Scurvy than cure it*

by the so much fam'd and most pleasant Chymical DROPS.

WHICH, without the least Trouble, Confinement, or any Disorder whatever, do at once strike at the true Cause of the Scurvy, and entirely destroy it, and all Scorbutick Humors and Effects, Root and Branch, so as never to return again, as many Thousands of both Sexes have experienced, and as all who take them in Three Days Time are convinced; for they almost instantly alter the morbid State of the Juices, purify the Blood, sweeten all the Fluids, cleanse them from Impurities, and directly clear the whole Habit from all Spots, Blotches, black and blue Marks, Itchings, foul Eruptions or Breakings out, Weakness of the Limbs, languid Heaviness of the whole Body, wandering Pains, Weakness of the Back, and all the vast Variety of Symptoms by which the Scurvy imitates and often lies conceal'd under the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good Appetite, causing a regular and easy Digestion of Food, and curing all windy Effects and Disorders of the first Passages, (whence proceed Head-Achs, Vapours, and other Indispositions) no Bitters, nor any other Medicine upon Earth can compare with them, insomuch that besides infallibly curing the Scurvy, in all its Shapes and Appearances they assuredly and directly cure the Green-Sickness in Virgins, Worms, of all Kinds, in Young or Old, and almost all other Chronick Diseases, which are chiefly occasioned by Indigestion and flatulent Crudities in the Stomach and Bowels) and certainly prevent Fevers, Agues, and other acute Illnesses.

They are wonderfully Cordial and Restorative, strengthen and enoble the whole Machine, and as soon as taken, make the Patient pleasantly lightsome, brisk and vigorous to Admiration, and are good for all Sorts of Persons, to preserve as well as to procure a sound and healthful State of Body.

But the great Reputation these so much fam'd and most pleasant Chymical DROPS have so universally gain'd among Persons of Eminence, for their suddenly and infallibly curing the Scurvy and all Scorbutick Humors, and other Chronick Diseases, in such an easy and agreeable Manner, have occasioned many to imitate them, some under the same, and others under other Names; be careful therefore not to be deceived, but be sure to have the Right, which, by the Author's special Appointment, are to be had only at the Gentlewoman's at the two blue Posts in Haydon Yard in the Minories, at 3s. 6d a Bottle, with Directions.

For the EYES,

The so much fam'd CHYMICAL LIQUOR,

WHICH at once infallibly cures all Inflammation, Bloodshot-Soreness, and Weakness of the EYES, Destuxions of sharp Humours Dimness of Sight, Specks, Films, or beginning Cataracts and that after all other Means have fail'd, and without causing the least Trouble or Uneasiness in using.

It directly heals and cures all Manner of Soreness of the Eyes in Children or grown Persons, tho' of many Years standing, be it either of the dry, itching and smarting Kind, or moist Rheumy or Watering, and whether proceeding from the Evil, or any other Distemper.

It effectually takes away all Specks, Films, or incipient Cataracts to Admiration, as also all Flies, or Gnats, that seem to swim before the Sight; it wonderfully strengthens the Optick Nerves, comforts the Eyes; immediately removes all Dazzling and Dimness, clearing the Sight, and infallibly preserving it strong and good to exceeding old Age.

Hundreds who were so very dim-sighted for some Years, as scarcely able to distinguish any thing, and imagin'd their Age to be the Occasion, have been perfectly and almost instantly cured by it, so as to read the smallest Print without Spectacles; and for Opthalmies or Sore, Bloodshot, or Rheumy Eyes, no Medicine upon Earth can come near it, Thousands of Men, Women, and Children, have been cured by it or the very worst sort almost upon the Spot, and Blindness been prevented in Abundance, who had tried all other Remedies in vain, insomuch that it may be almost accounted a miraculous Remedy.

No Family ought to be without it, nor ever will, after they have had but one Day's Experience of its admirable Efficacy.

It is to be had only by the Author's Appointment, at the Gentlewomen's at the Two Blue Posts in Haydon-Yard in the Minories London, at 3s. 6d. a Bottle with printed Directions.

CONSUMPTIONS of all Sorts ASTHMA's,
And all Disorders of the BREAST and LUNGS,
Directly and Infallibly cured,
By the Great CHYMICAL ELIXIR,

WHICH has restor'd so many Thousands labouring under the deepest Consumptions and most deplorable Asthma's to perfect Health and Strength in a few Days time, after all other the most celebrated Methods and Medicines had been try'd in vain.

It at once strikes at, and absolutely eradicates the first Principle or Cause of Consumptions, whether of the Lungs or of any other Kind, as also of Asthma's or Shortness of Breath, reduces the vicious Ferment of the Blood and Juices, corrects the acrid Salts which erode the Lungs, frees them from all obstructing Viscosities, and does more real Good in one Day than any other Medicine whatever can in Ten.

It assuredly retrieves the Patient, tho' reduc'd to a meer Skeleton and immediately cures the most tedious wasting and almost suffocating Cough, Hoarseness, Wheezing, Shortness of Breath, difficulty of Breathing, pain or weight in the Breast, spitting of Blood, soreness of the Stomach, Throat, or Windpipe; also Catarrhs or Defluctions of sharp Rheum, and all Pusical and Asthmatick Effects Hectick Fever, Melting Night Sweats and Diarrhea's or Looseness in a pleasant and most agreeable Manner.

It is balsamick, healing and strengthening beyond Comparison, restores in all inward wastings, weakness, and Decay of Constitution whatever, perfectly cures Ulcers in the Lungs or in any other internal Part, causes free and easy Respiration or long Breathing, and speedily and infallibly cures Asthma's and all sorts of CONSUMPTIONS, be they ever so bad, without the least Disorder, Trouble or Confinement; and is indeed the only true Remedy that can be surely depended upon for the intire Cure of those Maladies.

Nor can the whole Materia Medica, afford a quicker or more certain Cure for common Coughs and Colds; but the great Character this most noble *Chymical Elixir* has so justly gain'd, for the direct and infallible Cure of *CONSUMPTIONS* and *ASTHMA'S* &c. has occasion'd many Attempts to counterfeit it; be careful therefore to have the Right which is to be had only at Mr. *RADFORD*'s Toyshop, at the Rose and Crown againt St. Clement's Church-yard in the Strand, at 3s. 6d a Bottle, with Directions and at no other Place in *England*.

The So-much Fam'd HYPO-DROPS.

WHICH in a few Days infallibly cure *Hypochondriack Melancholy* in *Men*; and the *Vapours* in *Women*, so as never to return again; be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual; and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, ill Fumes, sour Belchings, Cholick, and Uneasiness in the Bowels; which Crudities offend the Nerves, and, by Consent of Parts, affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, flushing Heats, Reachings, Faintness, Lowness and Sinking of Spirits and Palpitation of the Heart, Startings, Tremblings and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering, Pain and Weakness in the Back, and other, almost innumerable and grievous, Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms in their sharpest Paroxysms, these so much fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) instantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and chearful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves; so that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured evince.

Whoever takes them for three Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Keys and Star below the Royal Exchange, in Cornhill, at 3s. 6d. a Bottle, with Directions, at large.

The True Cordial QUINTESSENCE *of* VIPERS, *the most Noble and Grand Preparation in the whole* Materia Medica, *for the real, substantial Cure of* Impotency *in Men, and* Barrenness *in Women; and is vastly preferable to* Viper Wine, *or any other Preparation of* Vipers *whatever, as being replete with the full and whole Virtues of them.*

A Few Drops of it only, gives such a generous Warmth, and so exceedingly delights the Vital and Animal Spirits, Senses, and Nerves, as soon to shew what it will do, upon a little Continuance of it; for it not only promotes, and prompts to a Desire, but also furnishes proper Matter, for the Support and Establishment of a true lasting Inclination and Power.

By this Means it answers the End as well of Food as Physick; nor is there any thing in Nature besides, that can in that Respect come up to it considering that it universally nourishes and restores in all the Declensions of Desire and Vigour, without the least forcing the Vessels, or stimulating the Parts, as most other Medicines for these Purposes do: And tho' it be a Maxim in Physick, that SINE CERERE & BACCHO FRIGET VENUS, this, in itself, is so sufficiently nutritious as to want no Assistance that Way; not but it must be allowed, that good Eating and Drinking with it, cannot but in some Degree, at least as an Auxiliary contribute to its Efficacy.

Nor does it only furnish Matter and create Desire, but also true Power (as it braces up and corroborates the Testes) and gives an elastick Springiness to the Musculi Erectores Penis in Men, and corrects, cleanses, and comforts the Uterus, or Womb, in Women, the Lankness and Laxity of the former, and the Foulness, Coldness, or Obstruction of the latter, being more the Cause of Impotency or Infertility, in the one Sex, and Indifferency or Sterility in the other than any Thing else besides; and that it is Balsamick, and greatly Restorative, is confirmed by long Experience, and we have many Instances in Physical Writings, of Persons arriving to a healthful old Age, as well as recover'd from deplorable Decays and Weaknesses, by a continued Use of the common Preparations of Vipers, which this Quintessence, by being of vastly more Efficacy, brings about in a Quarter of the Time, and with the Tenth Part of the Quantity.

Those who but once try it, will so pleasantly experience it nutritive quickening Properties, in exhilerating the Heart, reviving the Spirits, comforting the Vitals, circulating the Juice, and recreating and renovating, as it were the whole Man, that they will never be without it; for it is such a present Help, in Time of Need, as that on the taking then but a Dose or two more of it than ordinary, it will so instantaneously animate the dull inactive Spirits, and rouze up and actuate the sluggish enfeebled Faculties, in both Sexes, as to excite and capacitate where it could hardly be expected, and at the same Time seldom fails to render that conjugal Intercourse Prolifick, Price Half a Guinea the Bottle.

Mr. West, Goldsmith, who us'd to sell these Bottles, being lately dead, it is now Sold only by his Son-in-Law, Mr. Johnson a Baker, at the Seven Stars in Vere-Street, Clare-Market, sealed up, with Directions (for any Messenger) upon asking for only a Bottle of Quintessence.
